

Hello, Powertalk International Szczecin Club is in session
.....and this is to remind what Powertalk is about and what are the benefits of being
a member of this worldwide organization.

Who are the members of Powertalk International?
- people eager to work on their personal improvement, self-development and willing
to broaden their horizons.

The tools for achieving purpose of Powertalk International are:

- 1) Powertalk manual - a compendium of public speaking;
- 2) Powertalk newspapers - „Powertalk Magazine”, ”From the Board”,
„Power Lines”;
- 3) special program named „ Hands around the world Chain”;
- 4) Accreditation Program to certify a Powertalk member as qualified Public
Speaking Coach;
- 5) Annual Powertalk Region Europe 92 visitors given training;
- 6) Taking part in annual Region and Club speech contests;
- 7) Participation in debates, discussions and public speaking.

Powertalk International gives an opportunity:

- to get in touch and make friends with members from foreign countries (helpful
when traveling to places where Powertalk clubs exist);
- to improve fluency in English by constant touch with the language;
- to improve personal ability in daily communication.

The benefits of Powertalk International membership are enormous
depending of course on the personal commitment, enthusiasm and motivation of
individual members.

FEEL TO BE INVITED to meet us
